DELL - Vostro 1510 Laptop – Small Business Use

Dell Vostro™ laptops are designed for small business and made for life. Packed with customized features and a choice of software, the Vostro line delivers easy-to-use technology, flexible connectivity options and exceptional support – all in a thin, durable design

- **Customized Software Suite** - Eliminate trialware and choose only the software your business needs.
- **Outstanding Out-of-Box Performance** - Excellent first boot experience puts you in business in minutes.
- **Durable Construction** – Enjoy the durability of Vostro's magnesium-alloy reinforced chassis, sturdy hinges and sealed keyboards
- **Maximum Wireless Connectivity** – Designed to minimize dead spots and connect virtually anywhere business takes you with optional next-generation Wireless-N Wi-Fi®.
- **Exceptional Service and Support** – Vostro laptops include a 30-Day Money Back Guarantee, 1-year Limited Warranty and specially trained technical support.
- **System and Data Protection** – Help prevent unauthorized access, malicious attacks and theft with flexible security options.

Easy-to-Use Technology

When your business demands time, your technology shouldn't. The all-purpose Vostro 1510 includes a comprehensive portfolio of small business support services and features. Enjoy simplified system set-up, management and maintenance.

- Consolidate network set-up and troubleshooting with Dell Network Assistant.
- Ensure peak system performance with automated maintenance tools.
- Receive personalized support from specially trained technicians who work without scripts.
- Protect valuable business and personal data with Dell DataSafe™ Online Data Backup.
- Enhance standard services with optional ProSupport tailored support plans.

Extraordinary Performance and Value

Even small business demands big results. The multi-functional Vostro 1510 delivers lightning-fast processing, crisp images, flexible drive options and up to 4GB of memory – all at exceptional small business value

- Withstand the rigors of home and office with rugged, lightweight magnesium-alloy reinforced construction.
- Enhance performance and battery life with latest-generation Intel® Core™ 2 Duo processor.
- Get up to 10% higher contrast ratio than standard anti-glare displays for brighter images with TrueLife™ display technology.
- Choose from Combo and DVD read/write optical drives
- Enhance video and photo clarity with an optional graphics card up to 256MB.
- Help protect your hard drive against unexpected drops with Free Fall Sensor included in optional 7200RPM hard drives

Convenient Size, Operation and Weight

Expertly designed Vostro laptops offer heavyweight performance – without the weight. Thin and highly portable, the 1510 starts at just 5.72 lbs (2.6 kg). And the glossy 15.4" TrueLife™ display delivers vibrant widescreen images in a convenient, road-ready size

- Easy multimedia operation with convenient controls.
- Simplify disc loading with convenient slot-load optical drives.
- Improve lap comfort and deflect system heat with optional Dell CoolSlice™ venting tray.
- Increase work time with long battery life.

Exceptional Connectivity and Security

When business extends beyond the desk, Vostro 1510 is designed to enable secure connectivity - from virtually anywhere, anytime. Maximize productivity and up-time with optional Wireless-N WiFi®, Bluetooth® technology. Then protect your system – and important data – with flexible Dell security options and standard software.

- Maximize hot spot connectivity, throughput and range with next-generation Wireless N WiFi® .
- Enable cable-free computing with Bluetooth® connectivity to peripherals.
- Restrict system access with optional fingerprint reader.
- Authenticate network access with standard Trusted Platform Module (TPM 1.2).
